Dear Camp Alleghany Parents:

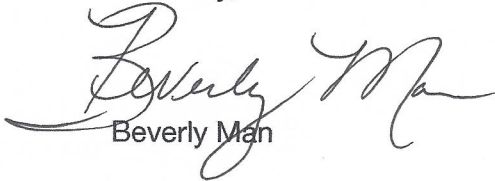

I am pleased to inform you that The Nit Fairies will be screening your daughter(s) for head lice again at check-in this Summer.

The Nit Fairies is a head lice treatment and screening service located in Midlothian, VA. We have been servicing the Richmond, Virginia and surrounding areas since 2008 and have over 20 years of experience in treating head lice.

My staff and I will be screening campers as they come in on their designated opening day and those found with nits and/or lice will be treated by our company at a flat rate of \$100.00 each. Camp Alleghany will pay this fee upfront and parents will reimburse them as done in the previous years. An 8 oz. bottle of treatment oil is included with treatment; however, a metal tooth lice comb will be needed for daily combing. This can be purchased at the camp as well as additional lice treatment oils, preventative shampoo, conditioner, and the recommended hair twisty towel to hold oils in place overnight. A second bottle of treatment oil may be needed for those with longer and thicker hair. Follow-up and re-check will be done by the camp nurse.

Feel free to call or e-mail us with any questions or concerns and we look forward to seeing you and your daughter(s) at Camp Allegheny!

Sincerely,

Beverly Man
